New School Bond Election

Plans Revised By Board

Vote Tentatively Set For Latter Part Of Month

Trustees of Placerville grammar school district, at a meeting on Monday night, revised their plans for enlargement of the school building and took action to set tentatively a new bond election for May 28th.

Revision of the plans, which was done in conference with the architect, Jens C. Petersen, resulted in an outline which eliminated the auditorium or assembly hall from the plans and provides for a manual training room, a sewing room, four class rooms and a recreation or play room.

The amount of bonds to be issued by the district would be the same as in the election recently turned down, \$40,000 and the district would hope, as in the previous election, for approval in Washington of their application for a PWA grant.

School officials said Tuesday morning that if the bond election is approved and if the PWA application is granted, only so much of the bond issue funds would be used as would be necessary to complete the project.

Board members appeared to be of the opinion that the plan to include an auditorium in connection with the building was responsible in a large measure for defeat of the recent proposal.

Over-crowding at the school demands that additional class rooms be provided and it is hoped that the revised plans will meet with more general approval.

Mothers' Day Rites Set

De Molay Chapter Will Join In Exercises

Arrangements are being made for special Mother's Day observances to be held Sunday at the Federated church. A "Memory Luncheon" will be one of the features of the day, where recollections of the mothers of the church of the early days will be presented. The luncheon will be served by the young women of the church under the direction of Miss Irene Anderson, and the recollections and memorial selections will be presented through a committee of which Mr. A. S. Fox is chairman.

There will also be a program under the direction of Mrs. Lena Caswell which will present appropriate numbers expressing the hopes and desires of present day mothers. A third section of the program will be under the direction of Richard Walter and will give opportunity to honor mothers and motherhood and to express purposes of fulfilling their hopes in the lives of their children.

Special Mother's Day features will also be included in both the Sunday school and morning worship service. El Dorado chapter of De Molay will be the guests of the church in the morning worship service at 11 o'clock, and will contribute to the service by presenting their Mother's Day ritual.

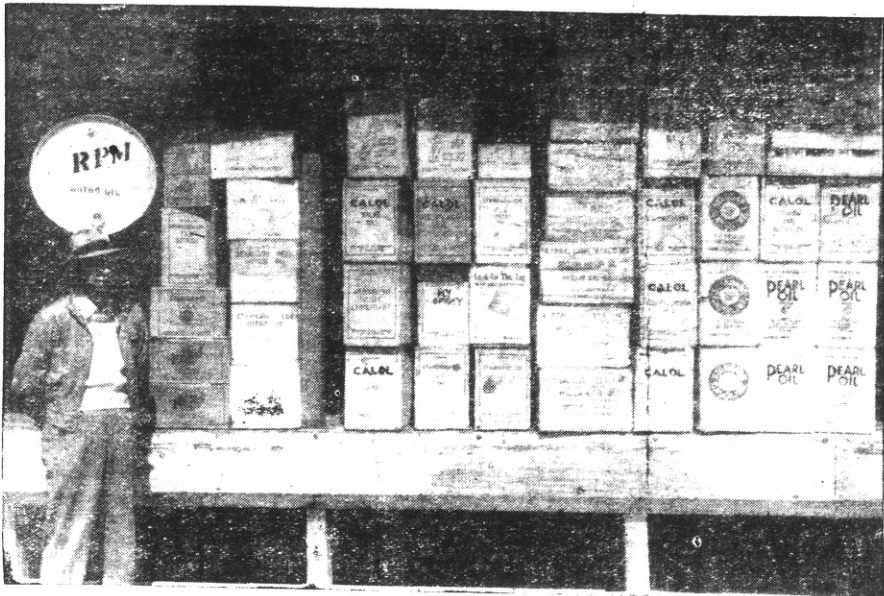

GOLF TOURNEY ON SUNDAY AT LINKS

Golf enthusiasts have arranged for a handicap tournament to be held at the golf course on Sunday, May 9. The course will be over 18 holes and the tournament is open to the public.

A 25-cent entry fee will be charged to provide for the prizes which will be awarded to first, second and third place winners.

Cards may be obtained from the committee at the course. The course is reported in very good shape and the site, now green, at its best for the year.

Wooden Boxes Unsurpassed

In support of the Wooden Box campaign of the El Dorado County Wooden Box and Lumber Employees' Association, even petroleum products can be shipped in Wooden Boxes. William Hays, Placerville manager for the Standard Oil Company, is pictured above with a recent shipment of oils and greases received in Wooden Boxes, and the pile nearest Mr. Hays is of paper cartons, put there just to show that although the cartons are used for some shipments, one can obtain goods shipped in Wooden Boxes by making that request.

Oil Firm Aids Box Campaign

Agency Receives Shipment In Wooden Boxes

Along with Placerville stores, the Placerville agency of the Standard Oil Company is doing its part to support the current "Wooden Box" campaign.

The campaign, sponsored by the Lumber and Wooden Box Employees of the county in co-operation with similar organizations up and down the Pacific Coast, aims at an increase in box lumber sales and consequent increases of employment in the lumbering industry.

According to William Hays, representative for the oil company in this district, a large shipment of oil, greases and other petroleum products was received in Placerville Saturday morning, packed in wooden boxes.

Mr. Hays reports that in support of the wooden box campaign he requested that all shipments to this county be packed in wooden boxes and has received the complete co-operation of the Standard Oil Company.

"Wally" Greets Windsor

Ex-King Arrives Bearing Gifts, Flowers

MONTS. France. (Copyright, 1937, By United Press)—The Duke of Windsor, once King Edward VIII, ruler of the world's greatest empire, was reunited at Gande Castle today with Mrs. Wallis Simpson, for whom he gave up his throne.

The Duke came here with the speed of an impatient lover from his retreat at St. Wolfgang, Austria, as soon as Mrs. Simpson joyously informed him by telephone yesterday that her final decree of divorce had been granted in London, leaving her free to marry him.

He went by train to Verneuil L'Etang, 31 miles outside Paris, where his black limousine awaited him. Escorted by motorcycle policemen and three cars filled with French detectives, the car sped for Monts.

The Duke brought gifts and flowers. One box was filled with Alpine flowers which he picked himself in Austria. Another held an embroidered Alpine costume. In his pocket was the platinum wedding ring which he bought in Paris.

The reunion took place in the dimly lit, library of the old chateau. Behind its oak doors and stained glass windows, the lovers were alone for a brief few moments before they rejoined their hosts, Mr. and Mrs. Charles Bedaux.

New Tax Dates Set By City

Ordinance Offered Monday Night, Approved

An ordinance providing for the collection of city taxes in two installments was introduced and approved for first reading at Monday night's meeting of the city council.

This fulfillment assurance given the city clerk by the board some months ago, that such a change in the tax collection plan would be made this year.

The ordinance provides that the first installment of taxes shall be due the first Monday in November and delinquent on the last Monday in January.

That the second installment shall be due the first Monday in March and delinquent on the second Monday in May.

That the delinquent tax list shall be compiled on or before the last Monday in May and shall be published on or before the first Monday in June, the sale of delinquent property being held 21 days later.

In connection with the above, the council increased the publication charge from 50 cents per item to \$1 per item, and also provided for an amendment to present rules to provide that the council will set the tax rate at its first meeting in September, one month earlier than has been the rule up to this time.

TWO RECEIVE DE MOLAY DEGREES

The De Molay degree was conferred Monday night by El Dorado Chapter, Order of De Molay, on Kenneth Hefren and William Sayers.

Delegates from the chapter made their reports on the recent state De Molay convention at Santa Cruz, at which Edward F. Sayers of El Dorado Chapter, was named State Master Councilor.

The State Master Councilor was in attendance at the meeting and announced the appointment of Harold Duden to be State Director of Communications.

Highway Carrier Act Debated

SACRAMENTO (U.P.)—Arguments on a bill designed to repeal the highway carriers act will be resumed in the Senate Friday.

The Upper House devoted most of its time yesterday to the bill which would eliminate all state regulation of intrastate trucking business, but took no action on the measure.

Pioneer Of '52 Is Called

Last Rites For Mrs. Gregor On Thursday

Mrs. Elizabeth Ann Gregor, a native of Wisconsin and an El Dorado County pioneer of 1852, passed to her reward on Tuesday shortly before noon at her home on Union Street.

Mrs. Gregor had not been seriously ill, although owing to her advanced age she had been ailing in recent weeks. The announcement of her passing drew many expressions of respect for her memory and of sympathy for the family from their very large circle of friends.

The funeral services will be on Thursday afternoon at 2 o'clock from Memory Chapel. Rev. Harold Morehouse will have charge. Interment will be at Union cemetery.

Mrs. Gregor was born Elizabeth Ann Sampson, in Wisconsin on December 31, 1848. Four years later her parents, Mr. and Mrs. James Sampson, started with their family for California, crossing the plains by covered wagon.

The winter of 1852 the family spent in Lake Valley, coming on to Placerville in the following spring. Mrs. Gregor had made her home in this city since that time.

She also is survived by four daughters, Mrs. Maggie Kern, Meta Tucker and Mrs. Oliver Morton of this county, and Mrs. John Wakefield of Sacramento.

FARM CENTERS OPEN SERIES FOR MAY

The May series of Farm Center meetings in the county opened Monday night with the meeting of Coloma Center, which followed a turkey dinner.

In the business of the evening, all incumbent officers of the center were re-elected for the ensuing year.

The center had hoped to hear an illustrated talk by Floyd Weymore of the Soil Conservation Service, but his series of talks before farm centers of the county has been cancelled.

The center meetings continue with Camino meeting on Tuesday night, Summit on Thursday and Pilot Hill on Friday.

Smith Flat To Open Building Monday

The new schoolhouse at Smith Flat will be used for the first time for class work on Monday morning when the pupils will convene in the building to complete the school year. The structure is a model in every respect and a credit to the district.

Faculty For City Named

Principal Palmer Made District Superintendent

The faculty of Placerville grammar school for the 1937-'38 school year was named Monday night by the district board of trustees and will be the same as during this year with the exception that Miss Jean Brandt is resigning.

The board named Principal John H. Palmer as Placerville district superintendent under a four-year contract dating from June 30, 1937.

Miss Brandt, who has taught the third grade, has informed school officers of her plans to be married. Principal Palmer states the teacher assignments are such that it will not be necessary to engage a teacher in Miss Brandt's stead.

The board named Mrs. Irene Larsen as school nurse, and appointed L. A. (Turn to Page 3)

Plunge Opens May 25th

School Patrol To Get Passes For Entire Season

Placerville plunge will open about May 25 and in return for their work during the school year, members of the junior traffic patrol at Placerville grammar school will get season passes.

This is according to action taken at Monday night's meeting of the city council.

It was announced that the American Legion representative on the plunge board has resigned and the council indicated the post will be asked to make an appointment to fill the vacancy. Other members on the plunge board are Councilman Pierson, representing the city, and Charles Molinari, representing the Lions.

Pierson reported that during the winter, owing to the backing up of the pipes, four water closet bowls at the plunge have been cracked by freezing and will have to be replaced.

Court Assails "Sitters"

Bar Sympathizers To Citizenship, Judge Holds

KANKAKEE, Ill. (U.P.)—Persons believing in sit down strikes were barred from obtaining citizenship papers today under a ruling by Circuit Judge W. R. Hunter.

Judge Hunter asked six applicants for naturalization papers whether they believed in sit down strikes. Each replied in the negative. In a subsequent lecture to the applicants, Judge Hunter said:

"Sit down strikes are a form of anarchy and are violations of the law. Such strikers can, and should be punished."

The judge asserted that he would refuse citizenship to any applicant "who answers 'yes' to that question."

"If they are in favor of sit down strikes they don't deserve to be citizens of this country," he asserted. "Such strikes are unAmerican."

Kelsey Teacher Is On Leave

Mrs. Sylvia Nelson, teacher of the Kelsey school, is on a forced leave of absence for a few days as a result of an infection which has developed in one hand. During her absence the class is under the supervision of Mrs. Josie Beach.

Clarence Scheiber was a caller on Tuesday from Shingle.

Sewerage Bond Vote Coming

City Trustees To Meet Monday On Project

The members of the city council were unable to proceed Monday night with plans to call an election for bonds to finance a sewage disposal plant, owing to lack of information on the most recent regulations on PWA allotments.

The board adjourned, to meet again on Monday evening, May 10, at which time they will expect to take action formally calling a bond election. During the intervening week, it is expected, City Attorney Thomas Maul will visit San Francisco and confer with PWA officials and Harry N. Jenks, engineer on the project.

Mayor Faugstad was in the chair and all councilmen present except Councilman Hosking, who is on leave, as the meeting convened.

Councilmen urged police officers to keep Main Street traffic moving and to "bear down" with tickets for infractions which create congestion.

The council was visited by a Mr. Wells, representing the Foster & Kiehl sign boards, who conferred with the council on sign boards in general and announced that the signs which have drawn a protest from Uppertown residents are about to be removed.

The board passed a resolution granting title to Charles and Gladys Gardella to a portion of lot 12 in block 47, to clear up a clouded title, heard a report from Councilman Pierson on the painting of traffic guidance lines on the streets, and informally condemned the practice of the taxi stand operator in erecting a sign proclaiming his title to a parking area.

The council called the attention of City Marshall James P. Morton to section 5197 of the general laws of California, empowering him to ask resignation.

Wife Becomes Ghost Writer

Charlie Ruggles In Domestic Comedy At Empire

A new screen couple—Charlie Ruggles and Alice Brady, come to the Empire Theater for tonight only in a gay comedy of domestic errors, bearing the admonitory title, "Mind Your Own Business."

Famed for his portrayals of the meek, mild-mannered husband determined to maintain peace at any price, Ruggles has scored his greatest success in domestic roles opposite Mary Boland. He had appeared in 11 such roles with Miss Boland, the last being "Wives Never Know." Miss Brady was cast opposite him in "Mind Your Own Business" more or less in the nature of an experiment, the studio being interested in determining to what extent the public will react to Ruggles with a new "screen wife."

Miss Brady is a new sort of wife for Ruggles. Her big objective in "Mind Your Own Business" is to make her husband a success. How she does this is another thing again. Unknown to Ruggles, who is the nature editor of a large paper, she writes his column for him and things begin to pop. The unassuming nature-lover suddenly finds himself a pivotal figure in an election campaign, a man marked for death by the underworld, a scandal column conductor and a radio personality.

Lyle Talbot, Jack La Rue, Bennie Baker and Frankie Darro are included in the madcap goings-on.

Judge George H. Thompson was at Marysville one day last week holding court. Judge Thompson reports the crop outlook in that section is excellent and that the whole region looks beautiful.

Reeg to be custodian of the main school building, and Mrs. R. N. Day custodian of the Uppertown building.

Teacher assignments are as follows: Kindergarten, Miss Jane Buerkel; Uppertown school, Mrs. Mable Cooper; first grade, Miss Georgia Brieger; second grade, Miss Mary Schneider; third grade, Miss Laura Ball; fourth grade, Mrs. Alice Golden; fifth grade, Miss Kathleen Richardson; sixth grade, Miss Inez Veerkamp and Miss Ruth Updegrat; seventh grade, Miss Louisiana Schnell and Jack Parsons; and eighth grade, Miss Ruth Henson and Miss Eleanor Scherrer.

GENERAL MOTORS NAMES SLOAN CHAIRMAN

NEW YORK (UP)—Alfred P. Sloan, Jr., replaced Lamont Du Pont as chairman of the board of the General Motors Corporation today, after a general shake-up of the high executive personnel which reduced the representation of Morgan and Du Pont interests in executive capacities in the company's affairs.

The shifts brought to the top of the corporation many of the men who participated actively in settling the prolonged United Automobile Workers' Union strike in General Motors plants last winter.

A common dividend of \$1 a share for the first quarter was declared, payable June 12.

Kentucky Derby Trials Held

LOUISVILLE, Ky. (UP)—Size of the actual starting field for next Saturday's 63rd running of the Kentucky Derby hinged on the outcome of today's derby trial purse, designed as the last important test for eligibles.

A field of 13, headed by Milky Way, Farm's Military and Reaping Reward, were named for today's one mile race. Odds on Military and Reaping Reward were about 6-5 with William Dupont Junior's Fairy Hill, a formidable candidate at 6-1.

"Sit-Down Widow" In Tenth Day

LONGMONT, Colo. (UP)—Mrs. Genevieve Johnson entered the 10th day of her alimony sit-down strike today in front of the home of her parents-in-law, Mr. and Mrs. Guy Johnson, with whom her estranged husband, Ralph, lives. She is demanding \$6.70 a week separate maintenance which she says Ralph refuses to pay.

SLACKS OUTFIT.

Copyright, 1937, by Fairchild
Occasionally the slacks outfit appears in a printed silk crepe for high style, as here, and is particularly suitable for luncheon at the beach club. This silk crepe has novelty spaced South Sea Island print on a burnt orange ground. Its collar is of white waffle pique. The pajamas are matched by a bathing suit.

SPENDER—Representative Maury Maverick of Texas, leader of a House group in Washington that asked for an increase in the relief appropriation for the fiscal year 1938. He would boost the amount to \$2,500,000,000, topping by \$1,000,000,000 the figure recommended by President Roosevelt. The House has rebelled at the Administration's economy drive.

PARADE OF SPORTS

By HENRY McEMORE
(United Press Staff Writer)

NEW YORK (UP)—I was too sure of my judgment. I said Pompoon, son of Pompey dammed by Conagh, would finish third in the Wood Memorial stakes at Jamaica.

Pompoon ran fifth and was lucky to do that well. He proved, much to the disappointment of those that followed him, that he was a chip off the old block. His old man started grabbing his side after one mile, and that was just what Pompoon did when he had to pick up a man's weight and carry it a man's distance.

I don't want to gloat (and when I say I don't want to gloat I do want to gloat frightfully much) but I told you, after Pompoon had won the Paumonok stakes, that he was a fancy Dan and couldn't go past the sprint route. To be honest I didn't know that he could not when I told you that, but that's the way he looked to me.

When he won the Paumonok he looked like an old English sporting print, his neck was like a gander's—he was reaching for every inch, he was being whipped for all the jockey had. In short, he was shooting from the bow. When the company got tougher his neck wasn't long enough, his legs weren't strong enough and his heart wasn't big enough.

So, once again, the Kentucky Derby winter book has been proved the biggest gamble, the silliest gamble, since Aaron bet eight to four the Red Sea would open. Two days ago when you mentioned melodist, people said, "do you mean that remarkable horse with four legs and a tail?" And now they're saying Melodist, owned by that needy couple, Mrs. H. C. Phipps and Ogden Mills, is one of the finest thoroughbreds ever to put foot in spiked shoe, or am I confusing this with baseball.

Just what I am trying to tell you is this: I know nothing about horses and yet I knew enough to know that Pompoon couldn't go a distance. Yet there are tens of thousands of people in this country who, every day, bet according to the opinion expressed in print by paid horse handicappers. The majority of these handicappers named Pompoon to win this race. Not one of them selected Melodist.

Moral: Nobody knows what in the name of heaven a horse will do when released from what I choose to call the barrier. Now in the next two or three days, you will undoubtedly hear or read that War Admiral is a cinch for the derby. On paper War Admiral is a cinch for the derby. But he won't win the derby. Some long, knock-

Bakery Strike In Kansas City

KANSAS CITY, Mo. (UP)—The full force of a bakers' strike was approaching this area of 750,000 persons today, and housewives prepared for it with biscuits, muffins, homemade cake and plain corn bread.

Bakeries in small towns were doing a rushing business. Neighborhood groceries and restaurants entered the bakery business on a small scale.

knead witch that you never heard of or I never heard of or these professional handicappers never heard of, will swoop down from the cumulus clouds and cart away those devalued dollars.

I am going to see the derby this year. In fact I am leaving tomorrow by burro pack. But I will not flash you the name of this cumulus cloud witch until two hours before post time. Thus, if you will delay more than two hours in getting to your bookmaker, you will save money.

Amelia Will Try Again

LOS ANGELES (UP)—Amelia Earhart plans to take off again some time before June 1 on her interrupted flight around the world.

"I can't set an exact date, however," she said, inspecting repairs on her \$100,000 "Flying Laboratory" plane. "It all depends on the weather."

Miss Earhart's first attempt ended in a crackup at Hawaii.

"I will fly to Honolulu from Oakland as I did the last time," she said. "My route around the world will follow the original charted course, save for a few minor changes owing to the weather conditions along the way."

NOTICE TO THE PUBLIC
I will not be responsible for any debts contracted by anyone other than myself.

Dated May 4th, 1937.

P. G. and E.
PACIFIC GAS AND ELECTRIC COMPANY
Owned • Operated • Managed by Californians

IT IS truly marvelous the way an automatic electric range takes charge of cooking. You may put a complete dinner in the oven in the morning, set your oven timing clock, leave the house for the day and the current will turn on and off at the hours you specify on the clock. So when you arrive home that evening your entire dinner of meat, vegetables and dessert is ready to be served.

See these fine ranges that perform such kitchen magic. Buy now and save fifteen dollars. Right now, too, electric rates for cooking are very low. Investigate electric cookery for your home.

SAVE \$15.00

Take advantage of this money-saving offer, for the month of May only, on complete automatic ranges as low as \$139.50.

Budget Battle Is Foreseen

By GEORGE E. HELMER
United Press Staff Correspondent
SACRAMENTO (UP)—A new fight on the 1937-38 budget was forecast today when reports were circulated that Governor Frank P. Merriam has decided to alter by \$8,000,000 the document submitted by the legislature and return it to the lawmakers today or tomorrow.

The Democratic-controlled Assembly knocked \$8,000,000 out of the governor's original budget by removing all capital improvement items and placing them under the \$48,000,000 unemployment relief fund. The administration's emergency fund was trimmed by \$500,000, and increases were granted the Department of Industrial Relations and the Santa Barbara State College.

As revised by the governor, according to reports, the budget will be restored to practically its original form except for the capital improvement items and the reduced emergency fund.

JOB INSURANCE BASE MAY BE BROADENED

SACRAMENTO (UP)—Practically every worker in the state except those engaged in agriculture and domestic pursuits will be placed under provisions of the unemployment reserves act if Assemblyman Melvin I. Cronin's bill wins final passage and the governor's approval.

The bill, as approved by the Assembly late yesterday, would place all employers of one or more persons within the act. The present law reaches only employers of eight or more. Employees of small organizations have no opportunity to be benefited by the unemployment insurance plan.

The change would add some 250,000 workers to the eligible list which now totals about 1,187,000.

CONDEMN BRIDGE AT CARQUINEZ, BILL ASKS

SACRAMENTO (UP)—The drive for state acquisition of the Carquinez bridge found new backing today in a bill introduced in the California legislature by Senator D. Jack Metzger, Red Bluff.

Metzger's bill would empower the state toll bridge authority to condemn the structure bridging the straits between Solano and Contra Costa County and purchase it with money raised through issuance of revenue bonds. The measure was requested by the State Department of Public Works.

The bill would permit the state to establish a fair price for the bridge, then take the case to the courts.

TEAR GAS USED TO BREAK UP "RIOT"

CAMBRIDGE, Mass. (UP)—Police used tear gas to disperse 1,000 rollicking Harvard students early today. They had been sky-larking for two and a half hours, using water-filled paper bags as missiles, setting bon fires, and disabling trolley cars.

The occasion was a "spring riot," an informal annual affair. The girl students of Radcliffe College were treated to an early morning serenade of some 600 students and got very little sleep.

Harvard yard police, unable to control the students, called city police who, after other methods failed, resorted to tear gas.

"Doby mouth" is prevalent among lambs in Lake County this season.

CARD OF THANKS

We wish to express our thanks for the kindness and sympathy shown us during our recent bereavement.

Coronation Curiosities

By Harold S. Corbin

"GOD SAVE THE KING"

Copyright, 1937, United Features Syndicate, Inc.

The great moment of the coronation of King George in Westminster Abbey will come when the crown has at last been placed on his head. Then the throng in the Abbey will shout, "God save the King!"

What is the origin of the phrase that so often and so fervently issues from the lips of loyal Englishmen?

The answer is easy. Much of the coronation ceremony is based on the crowning of King Solomon, King of

"God save King George!"

Israel, noted for his wisdom, his magnificence and his many wives. In the King James' version of the Bible, at the passage I Kings 1:39, may we read:

"And Zadok, the priest, took an horn of oil out of the tabernacle and anointed Solomon. And they blew the trumpet; and all the people said, God save King Solomon."

Queen Victoria's coronation, in 1838, was the most simple in English history. Everything possible was done to reduce it to this utmost simplicity. It was shorn of processions and even of the banquet. Disappointed, ones said the banquet was given up because the Queen still in her teens, might overhear a risqué story or a ribald jest, when the wine flowed freely.

Even so, there was much chanting and singing by the choir, reading of the litany, a communion service and a sermon, before the Queen took the oath, was anointed and then invested with the spurs and swords, the ring, the orb, the rod with the dove and, at last, the crown.

After being enthroned, the good Queen received homage from her lords. First the Archbishop kissed her hand, followed by the bishops and then by the peers of the realm, each swearing allegiance to her, agreeing "to live and die, against all manner of folks."

When the homage was ended, the drums beat, the trumpets sounded and all the people shouted: "God save

C. R. Tinker Guest At Surprise

Friends of Mr. and Mrs. C. R. Tinker paid a surprise visit to their home near Diamond Springs Monday evening, reminding Mr. Tinker of his birthday anniversary.

Among those present were Mr. and Mrs. Charles Immer, Mr. and Mrs. Earl Prior, Mr. and Mrs. Charles Morgan, Mr. and Mrs. Antone Meyers, Mr. and Mrs. J. R. Gluyas, Mr. and Mrs. L. L. Ellis, John Gluyas, Wayne Valli, Allen and Warren Tinker, Miss Roberta Gluyas, Miss Lorene Meyers and the Misses Beverly and Merle Tinker in addition to the host and hostess.

There were refreshments and games and at a late hour all departed, wishing Mr. Tinker many more happy birthdays.

The various members of the Board of Supervisors are in attendance at the board meeting this week.

Suit for divorce from Lester Raymond Hancock was filed Monday by Amy Rose Hancock, charging cruelty. The papers state the couple wed at Reno September 15, 1934 and separated May 2, 1937. They have one son whose custody the plaintiff asks.

Queen Victoria. Long live Queen Victoria. May the Queen live forever!"

She didn't quite live forever, but she reached a ripe old age. She was 81 when she died, having reigned 63 years.

9 RETIRE ON UNIVERSITY STAFF

BERKELEY (UP)—Retirement of nine distinguished veterans of the University of California faculty was announced today by President Robert G. Sproul. The retirements will become effective July 1.

They are: Dr. Carl C. Plehn, flood professor of finance; Dr. Charles A. Noble, professor of mathematics; Dr. Henry R. Hatfield, professor of accounting and statistics; Dr. Clifton Price, associate professor of Latin; Dr. Joseph N. Leconte, professor of mechanical engineering; Charles E. Ruthgn, professor of education; Dr. Derrick N. Lehmer, professor of mathematics; Dr. W. L. Jepson, professor of botany, and Charles M. Titus, associate statistician.

Mrs. Rupley For Re-Election

Mrs. Clara Rupley, chairman of the board of trustees of Placerville grammar school district, on Monday evening announced her candidacy for reelection at the approaching school election.

NOTICE

N. D. G. W. District Deputy Grand President will make her official visit Wednesday evening, May 5th.
